ENGEMAN'S WARD SUES HIS ESTATE

Declares Race Track Owner's Brother Has "Loaned" Trust Funds to Himself.

Mrs. Elizabeth Georgians Cusick Hudson, adopted daughter of George H. Engeman, who died April 1, 1905, made grave charges against William A. Engeman, brother-in-law of Charles H. Hyde, and Warren S. Burt in her suit in the Braise, 194 (Musgrave), A to 1, 4 to Supreme Court to-lay, asking that En- and out, first; Prince Ahmed, he obof an estate and directed to make an (coupled with Paton); Samuel R. Meyer, accounting. Mrs. Hudson, who was 107 (Goose), 13 to 5, 7 to 10 and out, Elizabeth Cusick, charges that Burt third. Sherwood, Paton and Noble Grand and Engeman did not collect a note for also ran and finished as named. \$35,141 owed by Engeman to the estate but 'have turned over to Engeman large additional sums of money belonging to the trust estate on pretended loans and, on information and belief, have not collected interest on said

The trustees also, on information at belief, Mrs. Hudson swears, have made investments wholly unauthorized by law and have "dissipated and wasted the said trust estate". They have falled, she charges further, to pay he 100 a week, provided for in the trust agreement, and have refused to account to her for their acts as trustees.

The agreement referred to was made between Mrs. Hudson and the Engeman heirs shortly after Mr. Engeman's death, when the heirs sued to set aside the will on the grounds that Mrs. Hudson was not legally adopted, because she was more than twenty-one years eld at the time of her adoption.

old at the time of her adoption.

Engeman made his ward executrix
and vested her with control of the es-tate, which included a part interest in the Brighton Beach racing plant and a similar track at Saugus, Mass., besides the note for \$26,141 owed by William A Engeman and other notes aggregating \$33,858.67. The suit was settled by the establishment of a trust estate for the benefit of the ward. If the income from the rents was not sufficien

come from the rents was not sufficient to make up her \$100 weekly allowance the body of the estate was to be tapped for deficits. Upon her death the property was to go to the heirs, who are named by Mrs. Hudson as party defendants in this action.

Mrs. Hudson does not ask for judgment against the heirs, who are: Jean-ette T. Hudson, No. 470 Drew avenue, Brooklyn; George Tyson, Buffalo avenue, near Lincoln Park; Sarah Hagan, No. 511 Sterling place, Brooklyn, and Christian M. Kesner, No. 802 Huguenst avenue, Staten Island.

EXPLORER SCOTT'S WIDOW HEARS OF HUSBAND'S DEATH.

LONDON, Feb. 25.—Dr. Bruce, a brother of Lady Robert F. Scott, the widow of the Antarctic explorer, Capt. Robert F. Scott, received a wireless despatch from his sister to-day saying that she had heard of her hauband's death and that she was in good health. The first stop of the boat by when Lady Scott travelled was to be Tabiti and ineffectual efforts were made to reach her by wireless from Hawaii.

PRIEST LOSES A BULLDOG.

Pather Murphy of the Bronz Aska Police to Help Him Get It Back. Father W. H. Murphy, pastor of the Church of SS. Peter and Paul in the Bronx, asked the Morrisania police this morning to aid him in his search for a valuable English buildog. The dog, pre-sented the priest by a friend in Harrison, N. Y., disappeared on Sunday eve-ning in front of the parish house. Father Murphy could get no trace of the valuable animal. Since then children of the parish school have sought vainly and now the priest hopes that the police may be more successful.

We have now the "J. B. L. Cascade" on exhibition at all Riker-Hegeman Drug Stores in New York and Brooklyn. Ask for booklet, "Why Man of To-Day Is Only 50 Per Cent. Efficient."

End Your Aching Corne Here is a plaster that costs you nothing if it fails to remove your corn quickly, completely and without pain.

If it doesn't "do the work" to your entire satisfaction, the druggist will give you back your money.

The pain ceases quickly with the first application of Pierce's Corn Plasters. They remove the most obstinate corn in 5 days; in most cases, only 46 hours are required. They're easy to apply—and so thin that they do not take up any room in the shoe.

Our money-back guarantee goes with every box bearing the name Pierce and our trade-mark.

Warner's Rustproof Corsets For Spring

(Announced Last Week in the Wanamaker Pages)

O you have Warner's Rustproof Corsets?" we are often asked in our Corset Salons. 'Are Warner's Rustproof Corsets good?" -is another frequent question.

"Yes," we say heartily to each query.

Warner's Rustproof Corsets have won for themselves an enviable position. Many women of our clientele wear them to the exclusion of every other make. They are comfortable. Their lines follow the new fashion ideas. They are well made.

They Really Do Not Rust

If the unprecedented happens and one model out of many thousand is an exception, there is no quibbling nor hesitation—a new corset is at once exchanged for the old one.

Warner's Rustproof Corsets are made in America by expert designers. An organization in Europe is maintained by this firm for the express purpose of keeping in close touch with the changing styles of Paris.

Redfern Corsets, made by the Warner Company, are particularly popular abroad—especially in London and the English colonies, where American corsets are esteemed as among the finest of moderate priced makes.

The Spring Models

of Warner's Rustproof Corsets are very long over the hips to give the straight silhouette and very low in the bust to give the natural effect.

Built of soft light weight batiste and brocades, they are cool and comfortable. Daintily trimmed with embroidery, ribbon and lace.

Designed for large, slender and medium sized women—for those either tall or shor

Good Models, \$1 Upwards

One of the \$3 models introduces the new elastic lacing in front. It is trimmed with embroidery and white satin ribbon.

Another attractive model is of blue and white brocaded batiste, trimmed with imitation Bohemian lace at \$4.

Redfern Corsets for Spring

will be unusually popular, for the models are exceedingly good. \$5.
